

INNOVATION BY SELIO.

NEW

Pre-assembled Pocket Doors

Installation has never been so easy!

Pocket Doors
Installed In
10 Mins!

Our pocket door systems are now available pre-assembled to reduce your installation time...

We understand the potential challenges of installing pocket doors, which is why we're making it easier by offering kits to suit your structural openings.

The doorset arrives on-site as a complete pre-assembled kit, ready to install. The only on-site requirements are the project specific ironmongery and trims (if specified).

PRE-ASSEMBLED FEATURES

All structural elements are pre-built, ready for installation 

Minimum waste created during installation process 

Complete installation in just 10 minutes! 

Removes potential risk of incorrect cuts or installation
